Dear Minister,

I am writing again on behalf of the Australian Federation of Graduate Women Inc this time to congratulate you and celebrate with you on your promotion to the ministry.

We greatly appreciate your achievements in securing the support of your state and territory counterparts for the updating of the national Vocational Education and Training in Schools (VETiS) framework and for the other significant contributions you have made as Assistant Minister of Education. We hope that the significant policy measures you have developed and begun to implement will be taken up enthusiastically by your successor.

Best wishes for a challenging yet fulfilling move to Ministries of Health and Sport. The skill and ability you have shown in Education should ensure your success in these difficult portfolios

Yours sincerely,
